## White Water Rafting Victoria Falls River Excursions

If White Water Rafting is a little too 'white knuckle' for your taste, yet your adventurous side is calling for an on-the-go fun-filled Zambezi River excursion then look no further.

Our unique Hydrospeed Surfing on the wave at rapid 2 ticks all the boxes - it's fun, physical, challenging and located in the beautiful scenery of the Batoka Gorge below the Victoria Falls.

Why not combine this amazing activity with a dip in the rockpools beneath the Victoria Falls? Swimming below the sheer rockface with water cascading around you under one of the Seven Natural Wonders of the World is truly an experience of a lifetime.

For nature lovers, and those wanting a more leisurely excursion to explore the Zambezi River above the Falls, the Livingstone Drift and River Float are for you. Ideal for couples, families and groups, an afternoon drifting on an inflatable raft down the Zambezi exploring quiet channels, spotting birds and river wildlife, while sipping a drink is a great way to end another perfect day in Africa.

The Livingstone Drift and River Float operate throughout the year. The Hydrospeed Surfing and Swim under the Victoria Falls are available in the Low Water season from August to December depending on water levels.

### FITNESS LEVEL

Average Fitness - The walk down and up the gorge, partly on wooden ladders, is physically demanding.

### ACTIVITY TIMES

Activity times are not exact, they are a guide and cover from pick up to drop off, and include safety briefings, relevant hiking to activity, short rest periods and refreshment stops.

### ELECTRONIC EQUIPMENT

We suggest you don't bring cell phones or cameras for the Swim under the Falls and Hydrospeed activities.

### ROAD TRANSFERS

Rates include return road transfers from local Livingstone accommodation venues & Zambian border.

### VIDEO FOOTAGE & IMAGES

Video footage and photographs for Hydrospeed and the Victoria Falls Swim activities are available at an extra cost.
